Digital Transformation in CEEMS

CEEMS interest in opportunities and challenges presented by:

- Digital technology in measuring instruments
- Digital access for businesses and the public
- Digital technology used within legal metrology community

CEEMS AG will have a role in

- Conducting surveys on CEEMS priorities
- Assisting DTG to develop proposals for guidance documents, training, advisory and other services, making equipment available
- Assisting DTG to develop new OIML Digital Technology Document

OIML Document D 1:2020

- Promotion of revised OIML D 1 hampered by COVID-19 pandemic
- Need to encourage use of D 1 as widely as possible
- Work has started or is planned on:
 - E-Learning materials
 - Simplified leaflets and other documents
 - Training courses
- Co-operation with BIPM will be key to reaching the widest audience

CEEMS AG Work Plan

In addition to digitalisation projects and D 1 promotion already mentioned, priority activities in Work Plan include:

- Further development of CEEMS pages on OIML website;
- Updating and extension of the Experts Database;
- Extension of suite of e-Learning modules;
- Further OTC/OTE projects - event on 'Prepackages and Statistic Control' planned for 3–7 July 2023 in Germany;
- Proposals for a scholarship programme for future leaders in CEEMS;
- Revision of D 14 - project underway and questionnaire to MS issued
